Dear Colleagues,

Male breast cancer is a rare and challenging disease. The board of the BVS/SBS would like to invite you to our next conference on "MALE BREAST CANCER".

During this conference, we will discuss aspects such as pathology, imaging, surgical and systemic treatments, as well as genetic and psychosocial aspects of this disease. We have invited top international experts in the field and sincerely hope that you will be able to join us!

<b>08:30-09:00</b>	<b>Registration, welcome and coffee</b>
